SUBMITTAL OF DOCUMENT CHANGE NOTICE TO MINIMIZE CROSS CONTAMINATION DURING DRILLING OPERATIONS - EML-0599-92

At the request of the Department of Energy, Rocky Flats Office (DOE/RFO), EG&G Rocky Flats, Inc (EG&G) has prepared and submitted the attached Document Change Notice (DCN) to the approved drilling Standard Operating Procedures (SOPs) The DCN attempts to minimize any unnecessary spreading of contamination encountered during drilling operations. While EG&G's mission is to investigate the nature and extent of contamination on plantsite, every effort is being made to minimize spreading of contamination, both laterally and vertically, during investigative drilling operations

If you have any questions regarding this issue, please contact E. A. Dillé of Remediation Programs at X8684
